2. To create new realization account use the "Realization Accounts Editor".

Realization Accounts Editor:

8 Add Update Delete Refresh 3

Account Number: *

Account Description: *

Customer: *

Active: 7

A/C Reg.:

WO: Task: 5

Fixed Markup %: Markup Limit: 6

Fixed Handling %: Handling Limit:

3. To register an account, click on the Refresh button.

4. Enter all required information: an account number and description and customer.

5. Enter all optional information: aircraft registration, WO and Task.

6. The Fixed Markup adds a fixed percent from using of components cost to listing price of all components for this maintenance. For example, you choose 5% fixed markup. Then, if the listing price of components using for maintenance is \$10000, and your fixed markup of 5%, the retail price of the components will be set to 10500\$. Also, you can set limit of Markup, for example: no more than 10300 dollars. (300 is filled in the "Markup Limit" field). Result: the retail price of the components will be set to 10300\$.

A/C Reg.:

5 WO: Task:

6 Fixed MarkUp %: MarkUp Limit:

Fixed Handling %: Handling Limit:

The “Fixed Handling %” field and “Handling Limit” field are the same, only for component handling.

7. An account should be marked as Active when it is used in the present maintenance process.

8. Click on the Add button to complete the registration.
