2. Select a Work Package ('WO Package') or a Work Order ('Line WO'). Use these tabs to switch between them.

3. Use these filters to find different documents quickly.

4. Select necessary line and double click it.

5. After the WO/ WP selection, select an action to perform:

- double click the 'Calculate New Average Man Hours Value' field, and the system generates an Average Man Hours Value in accordance with all completed tasks. This value will be displayed in the 'Man Hours Statistic Report' only: 'TC Average MNHR' column.
- double click the 'Print Man Hours Statistic Report' field to print out the report.
- double click the 'Planning Tool' field and a tool in the Excel format will be opened.
