1. WP Tasks List Registration Overview.

A WP Tasks List is a well-organized specialized set of activities that have to be done during a plane inspection (A-Check and B-Check). A Work Package List combines Task Cards, Modifications and Additional Jobs.

1. To enter a WP Tasks List Screen, click on the WP Tasks List button.

2.Toolbar:

- Close (exit the program).

- WO (Work Order Selection).

Source button menu (creation or selection sources of Task
 Cards/Modifications/Additional Jobs)

Print:

- a maintenance visit tally sheet,

- a task card visit list,
- a list of alterations,

- a list of additional Jobs.

3. You may also use a work order filter to select either opened or closed work orders.

Transfer Note Excel						

8. To transfer a task from Task Cards to a Tasks Source, highlight the task.

9. Then click on the right checkmark button to transfer one task to a Task Source (the task will be transferred, not copied).

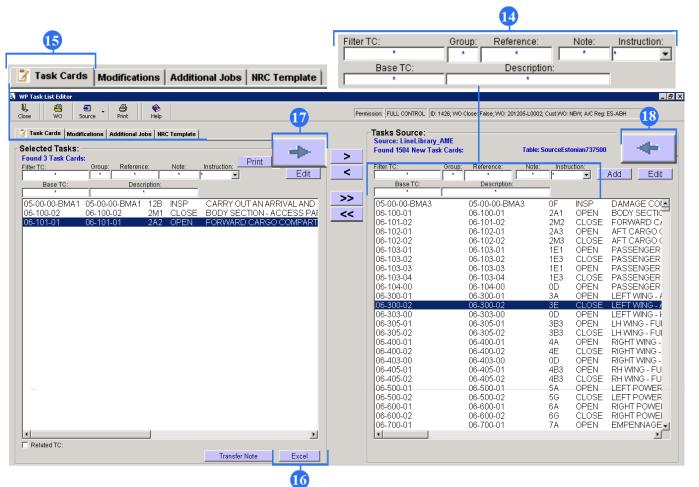

10. To transfer all the tasks from Task Cards to a Task Source click on the double right checkmark button.

11. To transfer a task from a Task Source to Task Cards, highlight the task at first.

12. Then click on the left checkmark button to transfer one task to Task Cards (the task will be transferred, not copied).

13. To transfer all the tasks from a Task Source to Task Cards, click on double left checkmark button.

14. You may use a FILTER to find a certain task. Type a task number in the Id field and then press ENTER.

15. If you want to return to the whole tasks list, click on Task Cards.

16. You may open Task Cards in MS Excel format by pressing the EXCEL button.

17. If you want to extend a Task Cards screen, click on the left arrow button.

18. If you want to extend a Tasks Source screen, click on the right arrow button.

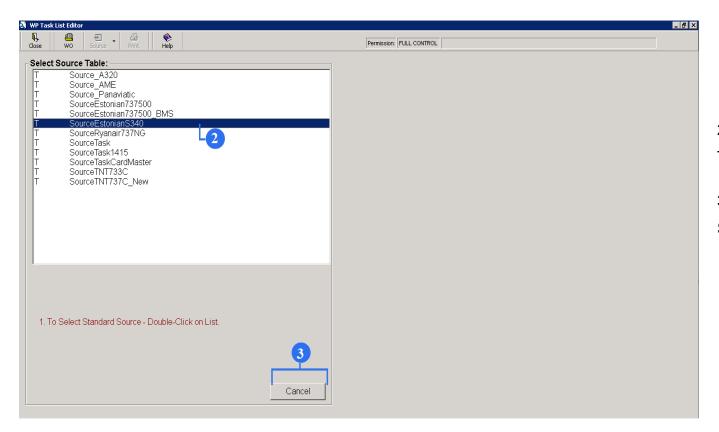

3. Task Cards Source Selection/Creation.

 You may select a source of Task Cards or create your own for easy operating process.
 For these actions click on the Source button menu and choose further action (Create Source Table or Select Source Table).

Confirm a selection or a creation.

2. Choose a Tasks Source in a Select Source Table, highlight it and double click it.

3. Press the cancel button to exit a Select Source Table.

If you need to print out a maintenance visit tally sheet, a task card visit list, a list of alterations or a list of additional jobs, complete the following actions:

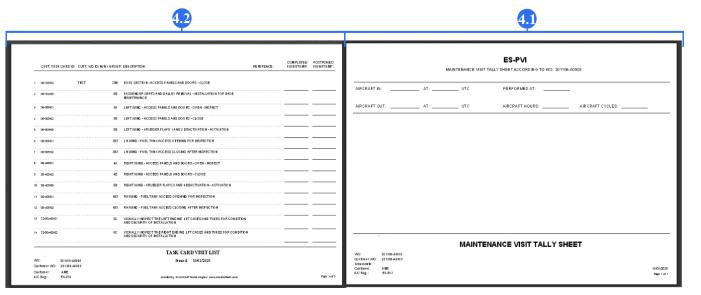

3. Click the PRINT tool button.

4. To print out a maintenance visit tally sheet, highlight a necessary work order's Front Page and click on the PRINT button (to view a maintenance visit tally sheet, see the picture no.4.1).

To print out a task cards visit list, highlight a necessary work order's Task Cards and click on the PRINT button (to view a task card visit list see the picture no.4.2).

To print out a list of alterations, highlight a necessary work order's Modifications and click on the PRINT button (to view a list of alterations, see the picture no.4.3).

To print out a list of additional jobs, highlight a necessary work order's Additional Jobs and click on the PRINT button (to view a list of additional jobs see the picture no.4.4)

5. To exit the screen, click on the CANCEL button.
